Joel & Co. Construction is a Los Angeles general remodeling contractor offering residential and commercial construction remodeling services. We are a custom home builder and renovation contractor. We are best known for our bathroom remodel, kitchen remodeling, and room additions. Whether your project is large or small our approach is simple; understanding your needs combined with our superior teamwork, detailed management and hands-on building skills; your project is delivered with value, elegant craftsmanship. As a general contractor, we understand that construction is more than simply following drawings and making sure a structure is up to code. It is about making the client’s vision come to life. This means that details are as important as the end result. From concept to completion we take the time to make sure each milestone is met with the highest level of craftsmanship and professionalism. We stand behind our work, warranty every job, and make sure our clients are involved in each and every step.
