Ramah, Albuquerque, El Morro National Monument, NM, New Mexico 87321  
United States

Phone: 505-783-4612  
Fax: 505-783-4612

Nestled among the pines at the base of San Lorenzo Mesa, the El Morro RV Park and Cabins lies along the ancient trail between the historic pueblos of Zuni and Acoma. Also located on the land is the Ancient Way Cafe. Our varied menu offers delightful and healthy items that are sure to satisfy the traveler's desire for good food made with love! The café also specializes in fresh baked goods. The Ancient Way Healing Arts Center is also located on the property, and offers various forms of healing modalities for both travelers and locals. The surrounding landscape is astounding. Many ancient sites are located within and around the beautiful sandstone and limestone mesas including the Zuni Mountains and the lush El Morro Valley. Thousands of years of ancient energy can be felt and seen here, including the ruins of Atsinna, located at El Morro National Monument 1 mile west of the campground. Our staff at the Ancient Way is dedicated to honoring the path of the ancients and holding space for people to come and experience the magic of this beautiful land. We promote a healing and welcoming space for all people, as well as a desire to honor the artistic expression and spiritual process of all of our guests.

We love to provide a sanctuary of peace and freedom for people with all forms of sexual and gender identity, as well as those who consider themselves to authentic to describe! Come and visit us, we would love to see you! 5 cabins 21 RV sites
