Certified Financial Planner™ / Christopher Street Financial Jen is the President of Christopher Street Financial and has accumulated more than twenty-five years of Wall Street experience. She began her investment career at the venerable powerhouses of JP Morgan and then Bear Stearns. While at these firms she specialized in two areas: high yield bonds and the equity markets for institutional investors. Jen has remarked "I find working with individuals and their finances to be far more rewarding than working with portfolio managers on the institutional side of Wall Street. Every individual who walks through our door has their own unique financial situation and their own emotional issues about wealth. Addressing these needs within a framework of sound financial planning is what really motivates me." Securities offered through Kestra Investment Services, LLC (Kestra IS), member FINRA/SIPC.
