

Arbor House Suites Bed and Breakfast

109 Arciniega
San Antonio, Texas 78205
United States

Phone: 210-472-2005

Arbor House Inn and Suites was opened in October 1995, but the history of the buildings which now comprise the unique 8 suite bed and breakfast, began in 1903, when a Swiss cabinet maker built these cottage homes for himself and his family. During recent renovations the houses were awarded the San Antonio Conservation Society Plaque, awarded for excellence in historic renovations. The 4 buildings are clustered around a lush garden with beautiful fountain, outdoor seating & umbrella tables, in downtown San Antonio. Arbor House is centrally located one block from historic La Villita, and the River Walk, and two blocks from the Henry B. Gonzales Convention Center. Other attractions such as the Alamo are 3 blocks away. Guest Suites have been individually decorated with furnishings and art work collected from a myriad of sources - functional, interesting and fun. You will never stay in any hotel as unique, intimate or convenient. Each house has only three suites, featuring high ceilings, pine floors, private baths, and all the conveniences of central air and heat, state of the art phone system with data ports. All of the suites have refrigerators, microwaves and coffee pots. Some suites have private balconies. We serve a continental breakfast. "We provide visitors a relaxed atmosphere, a center-of-the-city location, and San Antonio charm at a reasonable
