At Ledebuhr Law, we have unmatched experience in fertility law and adoption law. We assist Intended Parents, Surrogates, Egg and Sperm Donors, and Adoptive Parents through the legal process in Illinois. As a former infertility patient and prospective adoptive parent, I have a deep appreciation for each client's need for expeditious and impeccable legal service. Throughout my career as a family law litigator and then lead attorney for one of the largest surrogacy agencies in the world, I represented hundreds of families in fertility and adoption matters. My depth of knowledge and years of experience will help you navigate the laws in Illinois to ensure appropriate legal parentage for all families.
