As attorneys, our work is focused on helping those who have suffered an injury. These injuries come from all kinds of situations. They can happen from a car accident, birth injuries, getting hurt at a venue, and more. Folk who get injured come from all walks of life. We took an oath when becoming a lawyer in Florida which included: "I will never reject, from any consideration personal to myself, the cause of the defenseless or oppressed, or delay anyone's cause for lucre or malice. So help me God." We are committed to loving and serving all Floridians who have a personal injury claim. As a business, we are committed to loving all people through our internal practices (such as hiring and promotions) and through our external practices (such as marketing within our local communities). We encourage our employees to bring their entire selves to work. This means that our leadership must display this first through authenticity. We know that when each person brings their passions, strengths, and vulnerability to the workplace, everyone benefits. We are based in Tampa and Central Florida and serve clients across the state. In our local communities, which include Tampa, Lakeland, Brandon, Plant City and Winter Haven, there are people from all backgrounds, creating a beautiful bouquet of

humanity. We are committed to loving and serving all people. CONTACT OUR LAW FIRM FOR A FREE CASE EVALUATION.
