S.D. Matthews & Associates is dedicated to providing legal help when you have been injured in an accident with an 18 wheller, another vehicle or due to the negligence of another. When a family member dies or is severely injured, the last thing you need is to be hassled by an insurance company or treated poorly by the manufacturer which caused the death or injury. After an accident, insurance companies will deny a claim over and over in hopes you go away. They'll make it sound like you have to follow thier rules - don't believe them and don't let them wear you down. Call an attorney that can help you and your family from being bullied. Was it a product in your home or work that hurt someone? Sometimes people don't even know they have a case against a manufacturer until they are able to talk to an attorney - one that handles product liability cases. In an accident, did a seatbelt fail to hold you? Did your seat collapse in the car leavibng you with severe cervical and back injuires? Did a product in your home or work hurt you or a family member? Give us a call to see if there is a case you may not have even known you had. We have sued a manufacturer of batting cagesWe have sued a manufacturer of swingsWe have sued a manufacturer of garage doors openersWe have sued multiple care manufacturers Just to name a few . . . Some companies like 90 take

short cuts or even lie about thier products, and those companies should be held accountable.S.D. Matthews & Associates has been involved in cases across the U.S. and Stewart Matthews is license din Texas and Arkansas (principle office is in Ennis, Texas, but the boundaries of where Stewart has handled cass is well beyond Texas).

Specialization(s): accidents, injuries, product liability
