I am proud to be a Diamond member Multi Million Dollar Realtor, a Top Ten producing agent, As an added bonus, my previous career was as a Child & Family Psychotherapist, which really helps in the negotiation phase of the deal...not to mention my skills in crisis management which is especially useful for my first time home buyers! I am an active member in our community and value the people in it. I have many satisfied clients that will attest to my honesty, diligence, professionalism, attention to detail, promptness, sense of humor, ethics, and no pressure approach. I have experience as a buyers and sellers agent, with investors, banks & attorneys in short sales (pre-foreclosures), land/rural sales, and out-of-state clients looking to move to the Pacific Northwest. Give me the opportunity and you will see why one of my clients dubbed me, "The hardest working women in real estate!"
