CLOSED I rent two rooms in my Folk Victorian Home. Both rooms have private entrances. We are 5 minutes from the Davis Square Subway Station. The FRONT SUITE There are two (twin) beds in the front bedroom and they can be pushed together, bridged and fastened as a king sized bed if you ask in advance. There is a lamp and a little table between the beds. Next to the beds are a six-foot closet. I do not have cable TV because we can pick up most of the local channels with the antenna. Outside the bedroom door is a kitchenette including a small refrigerator, bar sink, microwave, coffee maker, toaster oven. kitchen utensils and china. The WC (lavatory) is next to this and includes a small sink and hand towels. There are two large double hung windows in this airy and well lit room. There is a shower in the room and lots of towels are available. Next to the shower are a vanity table and a large mirror. There is the private cordless phone and answering system. Your private number is 617-576-2417. Local calls are free but you must pay for long distance. GARDEN ROOM The French Doors open into a newly renovated room with Maple trim. The ramp makes the room 'accessible'; however the room is too small for a wheelchair. It also has a kitchenette equipped like the Front Suite only scaled for a single. It is totally separate from my living quarters. There is a double bed in
