We offer over 150 privately owned cottages for rental in Ontario. All cottages are either directly waterfront or within walking distance of a beach/swimming area. Weekends and short breaks are available in most cottages out of season, and weekly only in July and August. All properties have fully equipped kitchens and vary in amenities and facilities. If you want to bring your dog along, let us know, over 60% of our properties are pet friendly! We have cottages with hot tubs, saunas, wood stoves, pool tables, and many in very private locations. Book early to secure your vacation before or after Toronto Pride, taking place June 2021!
