

Forever Families Home Study Agency, Inc.

Florida 32792
United States

Phone: 407-977-8639

CLOSED Forever Families is a Florida licensed private agency providing domestic, international, custody, and second parent adoption home studies. We also provide adoption-related counseling and birth parent case management services. Our Executive Director, an adoptive mother herself, lobbied with Equality Florida to repeal the gay adoption ban in Florida. We are committed to helping you build your family in whatever way you choose. We are particularly proud to provide second parent home studies, which legalizes the relationship between one partner and the other partner's child(ren). We feel that this is a vital service to protect families. Forever Families has professional, GLBT-friendly staff throughout the state of Florida in order to serve your adoption needs. Whether you are single or a couple, you CAN adopt. Please contact us today for a free consultation. Forever Families supports ALL families, Because LOVE is what makes a family forever.
