Fairfax, Virginia 22031
United States

Phone: 800-338-8407
Fax: 703-698-3933

Fairfax Cryobank has a history of and reputation for offering exceptional donor sperm and related services since 1986. Part of that history has been helping women, regardless of sexual orientation or marital status, to achieve pregnancy and fulfill their dreams of expanding their family. We have a knowledgeable and sensitive client services team who is fully supportive of your choice to have children. We are aware of the multitude of challenges faced by women who are forming alternative families and we respond by providing a supportive, friendly environment in which to further your journey. We welcome you to our site and hope that you find what you are looking for both in a donor and in a caring staff dedicated to helping you through this process. No sperm bank offers more testing on donors than Fairfax Cryobank. More testing means fewer concerns. Fairfax Cryobank has set the gold standard in donor testing, including: chromosome analysis on all donors, most extensive use of NAT (PCR) for donor infectious disease testing, and the only cryobank to test for the genetic mutations of HPV, known to cause almost all cases of cervical cancer. Many couples are looking to preserve cultural or ethnic lineage through use of a donor with a similar background to theirs. You can also upload a photo of your partner, yourself or even someone famous and find the donors that most resemble that photo. Our exclusive FaceMatch™ technology is free and has been used over 50,000 by clients just like you. At Fairfax Cryobank we offer a diverse catalog of donors, one of which may be your perfect match. If you need personalized service to help you find the ideal donor, Fairfax Cryobank staff is available to assist you. Donor selection consultations and photo

matching services are available if you need them. Our Client Services representatives can also help you simplify your selection process or answer questions about your preferred donors. You can chat, email or call our staff during the hours of Monday- Friday 7am to 8 pm and Saturday 11:30am to 3:30 pm EST. Just contact us and we are happy to assist you on your search for the ideal donor! Visit <https://fairfaxcryobank.com> for more information.
