Mixed Company provides safety-minded, loving pet care to dogs, cats, rabbits, birds, and more. We offer a variety of exercise services, from neighborhood dog walks to hikes in the foothills of Salt Lake and Davis counties. We also provide inhome pet sitting and overnight stays. All services are provided by a licensed, bonded, insured, background-checked professional who will meet with you for a free consultation before beginning services. As your pet sitter or as your dog's exercise companion, it is our goal to find out what makes your pet happy, whether that means throwing the ball 300 times, spreading catnip on the floor, or giving your shy pet the time and space she needs to warm up. When administering special diets and medications (including diabetic shots), we know how important it is to take notes and get the details right. We always work closely with you to keep your pet on the same routine with feeding, exercise, playtime, and training. Our reports (and photos) will keep you up-to-date on our arrival and departure times, our activities together, and anything else pertaining to your pet's wellness. Please check out the Community page on our website where you will learn about the Featured Rescue, off-leash dog parks, dog-friendly restaurants, and volunteer opportunities near you.AREAS SERVEDSalt Lake and Davis Counties (north to Farmington, south to Mill Creek and South Salt Lake).
