This will be the single most, best value product you have ever bought, and will change your life forever. That is a promise. So what is this amazing, life changing product? It is The Bum Gun bidet sprayer. The Titan is our supreme best seller for its slick design, and 98% stainless steel construction, giving so much durability that we are confident to offer a long 5 year warranty. Why are we so confident to offer such a long warranty you might ask? Agreed, most other suppliers offer one year if you are lucky. Well, for a start, The Titan trigger mechanism is tested to over 500,000 depressions. That is the equivalent of about 114 years for a family of 4.
