Spiritual Coaching, Psychic, Energy Healing and Empowerment
Empowerment Coach and Spiritual Counselor
Lisa began facilitating her coaching and counseling practice in April of 2002. She integrates tools into each session that will help facilitate a place of understanding as she teaches from the heart in a loving and compassionate way. She empowers and coaches in a way to see the beauty in your own heart and soul. You will yearn to reclaim a better understanding of your purpose in life.
Angel Therapy Practitioner
Lisa acquired this modality when Doreen Virtue certified her in June of 2002. Lisa learned how to connect with higher frequencies to perform readings and give the messages she receives to her clients. These messages may come from deceased loved ones, guides, or guardian angels. Readings may be done in person or over the phone.
Certified Hypno-Therapist
Lisa became a certified hypno-therapist with Discoveries Unlimited in February 2003. This powerful modality will allow clients to release blockages caused by fear, abuse, dysfunctional relationships, past-life issues, or any other issue that has been lying dormant in their heart and soul. The client's objectives will be reached, whatever the source, with this self-hypnosis modality. This procedure must be facilitated in-office.
Ordained Minister
Lisa received her Bachelors Degree of Divinity February 2003. The acceptance of this degree elevated her consciousness and enlightened her to become a more purified, vibrant, powerful, and purposeful facilitator. She is authorized to perform weddings and domestic partnership ceremonies, and will perform any kind.
The Reconnection Healer
Lisa received her level 1 and 2 with "The Reconnection" in October 2003. The healing Lisa performs is often a life changing

experience, utilizing new frequencies to allow for the healing of the body, mind, and spirit at a physical, mental and emotional level. As a re-connective healing practitioner, these highly palpable energies are initiated at the start of your session and continue working with you long after your visit. Through your participation in these sessions, you will be forever changed, operating and attuned to a higher frequency than ever before. Personal Reconnection Lisa learned the Reconnective technique and became a practitioner to perform this activation technique in November 2003. The Reconnection brings in “new” axiatonal lines that enable you to standardize unique vibratory levels and frequencies for healing, and ultimately for your evolution. These axiatonal lines are part of a parallel-dimensional circulatory system that draws the basic energy for the renewal functions of the human body. The Reconnection brings in and activates these new lines, allowing for the exchange of light and information, the reconnection of DNA strands and the reintegration of “strings” (simultaneously occurring or parallel planes of existence).
