History Established in 2009. Started in the UK in 2004 as a distributor of exotic floors. We served over 350 shops UK wide. We opened offices in 2009 in Los Angeles (Sherman Oaks, Beverly Hills & West Hollywood), and now our flag ship store on Melrose Ave.

Meet the Manager - Roy My interest in flooring started in the turn of the century when I was visiting in South America and took a tour of the logging factories on the outskirts of Rio. My first contact was a salesman

flooring factory who showed so much passion in what seemed like a simple process. I later traveled to more exotic destinations in search of the most exclusive types of floors and ended up back in Europe where the more unique finishes (in Belgium) had really started. In 2004 I partnered up with an interior designer, a flooring installer, & an architect to form ESB Flooring in North London. By 2008 we were serving 300 stores nationwide and it was time to venture into the US market. CaliFloor was established as a door to door retailer and mainly served the medium to high end customers from offices in Beverly Hills, West Hollywood, and Sherman Oaks. Rhodium Floors is our first store in LA with exclusive and couture floors for anyone wanting something exquisite!
