Thorne Home Team will lead you through the emotional real estate journey with support and care. Katherine and Naomi are experienced homeowners and investors, so they know first-hand how stressful the process can be. That's why they are so effective at navigating the obstacles homebuyers and sellers face. In today's challenging Marin market, it's easy for buyers to become overwhelmed, but Katherine and Naomi have won countless multiple offer situations even for buyers with less than ideal terms. They are strategic negotiators and because they truly care for their clients, Katherine and Naomi are a buyer's greatest advocates. For sellers, Katherine and Naomi aren't afraid to get their hands dirty, helping them sift through belongings, decide on the most cost-effective staging and home repairs to maximize the selling price, as well as manage the projects personally. They also offer staging services and professional photography as part of their comprehensive listing package. And through Coldwell Banker, they are able to front the costs of home preparation which can be repaid at close of escrow at no extra cost to the seller. Thorne Home Team received the Rookie of the Year award in their first year at Coldwell Banker and have continued to grow in the Bay Area market, earning the International President's Elite designation, and membership in the Top Agent Network, placing them within the top 10% of Marin agents. Their access to off-market listings and relationships with real estate professionals throughout the Bay

Area give their clients a leg up in this competitive environment. As a married LGBTQ couple, Katherine and Naomi support the local gay and lesbian community and look forward to helping you live in Marin County's open-minded culture!
