Raised in a military family and living on the Emerald Coast for over 20 years...I feel that real estate is apart of my DNA from birth. From playing with Lego's as a child to working in an architectural firm in Destin to attending Northwest Florida State College to pursue a degree in Architecture, I've always had a passion for real estate. But it all started with humble beginnings. Prior to becoming a professional Realtor®, I started a career with a well-known property management firm in Destin working my way from the bottom to the top while also being a professional model in Miami, which slowly progressed into selling the Florida lifestyle. The high end of Destin and 30A's luxury real estate market attracted me immediately to where I understand well the strengths and weakness of all segments of the Emerald Coasts diverse, fluctuating real estate marketplace. As a professional Realtor® it's my job to help buyers and sellers navigate the overall purchase or selling process, protecting them from risk through my insights into specific areas and their overall past, present and future valuations, plus a dedication to achieving their personal lifestyle and investment goals, and to being a true collaborative partner for every transaction. From the beginning to the end of the real estate process, I am with you

all the way, assisting at every point. I am available on your schedule, 24 hours a day, seven days a week. With my professional insights, I enjoy sharing my personal views on living the Emerald Coast lifestyle. The appeal is based on more than sunshine, beautiful white beaches and wonderful nightlife. With boutique shopping, world class restaurants and golf courses, fun-filled attractions, highly-rated school districts and well-known military bases, Destin to 30A now competes as a true global area. I believe firmly in our future and know there is more growth and exciting developments and opportunities to come. It's always a good time to live in, and invest in, this city. It won't disappoint! With Better Homes And Gardens Real Estate Emerald Coast, we specialize in truly representing our buyers and sellers, so we understand the valuations and other significant factors that will affect the lifestyle preferences and asset base of our customers. Experience. Attentive customer service. Follow-through on every detail. Professionalism and courteous hospitality. These are a just a few of the distinctive differences you will experience. Throughout my real estate career in the Destin and 30A real estate space, my reputation for delivering high effort with high integrity has earned me a position in the hearts of my customers. Now, I would like to work with you to take your lifestyle and investment goals to the next level.
