Do you have tax problems? Unmanageable debt? New business anxiety? BottomLine Lawyers PC brings you peace of mind: We stand in your shoes to assess your needs and desires. Use "outside the box" thinking. Bring an integrative, multi-disciplinary approach. Recommend a specific course of action tailored to you. In our many years of practice and handling of thousands of cases, we have yet to find any two clients who have had the exact same set of circumstances. It's true that law can be complex and at times counter-intuitive. But in our view the role of a legal professional is to inquire about YOUR circumstances and apply the law in the way that most benefits YOU. Period. Your professional relationship with BottomLine Lawyers PC starts with an initial consultation, the first step in a process we call our assessment protocol. Every attorney owes every client a professional obligation of zealous advocacy. We raise the bar on professional performance using our assessment protocol tools. We provide legal assistance for individuals and business people, from the viewpoint of mothers, fathers, sons, daughters, and seasoned business and professional people. It's a new perspective. The assessment protocol tools used by BottomLine Lawyers puts you and your concerns at the center of attention rather than an area of law. This is a different way of looking at the profession of law and a sincere reflection of how we feel about our clients. We are committed to discovering your bottom line and using our skills and experience to help you attain it. We know how to make the law work for you to obtain cost effective resolutions to your personal and business challenges. We know what it's

like to manage the risk in life and handle its surprises. We know when the cards are stacked against you and where there are windows of opportunity. We take the time to understand the issues individuals and business people confront, and the need to take action that produces results that advance your objectives, not your legal bill.

Specialization(s): We focus on tax, estate plans, business, veteran benefits and bankruptcy

GayLesbianDirectory Discount Offered: Free 45 minute consultation
