Enjoy the sweeping prairie and sunset views from your camping area. The campsite is near a outdoor shower and outhouse. We have a fire pit for nightly bonfires and there is a picnic table for cooking. Hike right from your tent onto 80 acres of prairie, woods and valley views. Lots of wildlife and wildflowers, quiet and dark. Kayak the nearby Chippewa River or Lake Pepin. The campsites are located on a working homestead, complete with old farm house and gardens. Site 1, "Bee Balm" is relatively close to the house, shower and toilet, and Site 2, "Oak Grove" is farther from the house and facilities, but still only about 40 yards from facilities. Friendly and well trained dogs welcome! For more photos and information about the location see: www.savannamoon.org
