

Chimney Chokers Chimney Sweep

9416 Evelyn Avenue
California City, California 93505
United States

Phone: 661-965-3343

Don't choke from the smoke. Let Chimney Chokers clean that chimney! There are over 435 lives lost each year due to lack of chimney service. Let's get that chimney looked at and save those lives that are lost. Want to save on electricity or gas? Have your dryer vent cleaned out. You'll not only be safer but your clothes will dry faster and you'll use less electricity or gas. I started my business doing chimney sweeps and cleaning dryer vents when a very close friend's house burned to the ground. When I asked him why he hadn't ever cleaned his fireplace he stated "I didn't know I needed to." At that moment I came up with the idea to save other people from the dangers of chimney fires and dryer vent fires ... yes, neglected dryer vents cause house fires, too. They need T.L.C. If your clothes are taking a bit longer to dry this is a very good sign that it's time to have that dryer vent cleaned. So, don't delay! Call today! Darryl
